

### **On the trail of the robotic explorers of Mars**

Join us for a tour of our scientific heritage! During this space expedition, you will have the opportunity to see such historic sites as the landing areas of the Viking mission, the route of the Opportunity, Spirit, Curiosity, and Perseverance rovers, or see the site of the first manned landing on Mars!

Journey time: 7 days

Cost: 500 Euro Sponges

#### **What will we visit? Among others:**

Mars poles

Chryse and Utopia Planitia

Gale Crater

Jezero Crater

and many more!

#### **What will we see?**

What the robotic pioneers of Mars exploration look like now

Landscapes of the Red Planet's wilderness

Mars ice caps

During the flight, we provide comfortable cabins and qualified staff who will answer any questions you may have about the flight and the landscapes you see.
